PUBLIC SERVICE
COMMISSION

Dear Sir or Madam,

The City of Bonnieville protests Green River Valley Water District's proposed 30% rate increase. In these economic times, such an increase is unconscionable. We have many elderly citizens and a large number who are disabled. The City of Bonnieville did not increase taxes this year, because of the economy.

Before any increase in rates is approved, the City of Bonnieville would like to suggest that State Auditor Crit Luallen's office conduct a thorough audit of the books of Green River Valley Water District.

Cordially,

CHARLES D. WILLIAMS
