As a life long resident of the state fo Kentucky, I am begging this comission not to let Kentucky Power have any rate increase. Like so many in this area I am on a fixed income and to allow any increase would be devistating to many fellow Kentuckians and my self who are barely, and I mean barely, making it now.

There is a \$0.00 increase on Social Security so the only place we could make up any increase would be by taking it from our medication or food budget.

Please do not let any increae happen !!!!!
