I am very concerned about the rate increase that Ky. Power is asking for. Everyone is in a tight spot right now . I am self employed and my husband is on disability . If I raised my rates every time my costs went up, my customers would find another shop to go to. As Ky.Power customers we have no where else to go. They control it all , it is,nt like we can shop around for a better price. If this rate increase happens, I,m affraid there will be a lot of children and older folks left out in the cold this winter. This whole area has suffered from hard times and people live from pay check to pay check. Thank You for hearing me out and please listen to the voice of the people.
