

I am opposed to the proposed rate increase by Ky Power. The prices we pay now for electric is outrageous We cannot afford another increase of any utility.

We are retired senior citizens who live on a fixed income and did not get a cost of living increase this year. The senior citizens in this state are living from pay day to pay day each month now and cannot pay any more than they are paying now.

Please take into consideration the elderly and those on fixed incomes when making the decision on this proposed rate hike.

Thank you,
Roy Mullins & Brenda Mullins
