To Whom it Concerns

The raise hike you want will
cause many seniors and family
members to go without food
and light or a stove to cook
on. The time is very ill
planned. Since you are laying
off so many men you should
not need this raise. Unless the
higher up want a raise and
hit the nail on the head.

COMMISSION

Thank you
Mildred Blom

P.S. I wish to be taken off
your high raise list
