To whom it may concern,

I am writing this letter in regard to Kentucky Power Co's Proposed 34.95 percent increase in the electric bills.

We are senior citizens on a fixed income. It would be very hard to have to pay this much more. I feel all senior citizens 65 or older should be exempt from this Proposed increase. We certainly did not get a cost of living raise on our social security this year, it would have been great to receive a 34.95 Percent increase.

Increasing the rates will make everything go up.

Sincerely,

Paul & Delores Arthur
