COMMENTS: How can you even think of  
a raise for a big company?  
When no one on a pension got a  
raise.  
When there has been just 126 more  
C.S. X Worker laid off.  
Where is the money coming from for  
these people to pay their bills?  
They are very making ends meet now.  
With the cost of living like it's  
tell A.E.P. to tighten their belts  
& Make their ends meet.
