COMMENTS: First of all I don't understand why you
need a increase I would just like to state that
when our electricity was out for
two weeks, some did receive our
electricity back, the bill we received
was even more. We are on a fixed
income monthly, we can't afford
no more higher bills & I don't
understand why electricity has
to be increased, when that
is a very necessity that people
need & I don't know what people on
asset income will do.
