Name: James E. Branham  
Address: 115 Collins St Pikeville, Ky 41501  
Case: Ky Power Co. rate hike

COMMENTS: As a 77 yr. old with lots of  
medical problems and on many medicines,  
there is no way we can pay a 35% raise. We  
already are having a hard time paying now.

Also I pastor a small Church, East Elk Horn  
Free Will Baptist, and our power bill is already  
high. We would have a real problem paying  
a higher bill.

The raise they are requesting would be a  
hardship for many older people on a fixed income  
as well as small churches and businesses.
