Case number: 2009-00495

Dear Executive Director:

The proposed construction of a monopole tower at 654 Hamburg Road, Kevil, Kentucky would greatly inconvenience the residents of Hamburg Road and the surrounding area.

The construction of such a tower across from my primary residence would at minimum be an eye sore for my family and me as well as the many other residents of the area. The quality of both television and cellular phone reception for the people living in close proximity to the tower would be significantly reduced. These negative effects that the tower's presence would have on the everyday life of those residing in close proximity to the tower would significantly decrease the value of the properties near the tower. As a loyal Cingular customer, I currently enjoy adequate reception throughout Ballard County as well as the surrounding counties and have no complaints with the service I receive.

The presence of this tower would cause more harm than good to the residents and property owners of Hamburg Road as well as the surrounding area. Thank you for your time.

Sincerely,

Roy T. Campbell
