APPLICATION OF KENTUCKY UTILITIES)
COMPANY FOR A GENERAL ADJUSTMENT) CASE NO: 2009-00548
IN BASE RATES)

SUPPLEMENTAL REQUEST FOR INFORMATION ON BEHALF OF CAC

* * * * *

Comes the Community Action Council for Lexington-Fayette, Bourbon, Harrison and Nicholas Counties, Inc. (CAC), by counsel, and submits the following Supplemental Request for Information to Kentucky Utilities Company:

1. As a follow up to the Company's response to CAC's Initial Request for Information, Question 1, please list the ZIP Codes in which Kentucky Utilities Company operates and the number of residential customers in each. If possible, provide this data in an electronic format preferably Microsoft Excel.

2. Regarding the Company's responses to CAC's Initial Request for Information, Questions 3, 4, 5, 7 and 9, please provide this data in an electronic format preferably Microsoft Excel.

3. Regarding the Company's response to CAC's Initial Request for Information, Question 2, regardless of terminology, the Company is seeking to increase its basic customer charge and to increase the energy usage charge by a lesser percentage. Mr. Seelye has testified that one purpose of this is to reduce the disincentive for the utility to promote conservation. When does the Company plan another demand-side management filing and what programs for low-income customers are likely to be included?

4. In response to CAC's Initial Request for Information, Question 19, the Company states that it provides "training for customer service representatives and assistance agencies" to

help customers understand how the Company's customer service system issues double credits which may result in very small bills that don't accurately reflect the amount owed. Please describe the training provided to assistance agencies specifically with regard to this issue, including where, when and what agencies were trained in the Kentucky Utilities service area.

Respectfully submitted,

IRIS G. SKIDMORE
Bates and Skidmore
415 W. Main St., Suite 2
