

Dear Ms. Meals:

Thank you for your comments regarding the rate increase proposed by Kentucky Utilities Co. Your comments will be placed into the case file for the Commission's review as it considers this matter. The PSC is planning to hold public meetings in this case, but no dates or locations have been determined.

Thank you again for your interest.

RE: Case #2009-00548

I request that you hold a Public Hearing in Hardin County regarding the proposed rate increase by Kentucky Utilities. This economic recession makes it extremely difficult on us business owners and taxpayers and we need to voice our objections to KU's request by having a local public hearing held in Hardin County. Please ensure that this hearing is published in our local media so objecting and non-objecting citizens can attend.

Thank you

Danielle Meals
