I am opposed to any rate increase for Kentucky Utilities (EON). Most people did not receive any pay increase this year, even though groceries, utilities, and gas have all increased in the past year. Please review Kentucky Utilities' current charges and have KU to justify them and also let the customers know that the PSC exist for their opposition to any application submitted by the Utilities companies. EON is a private company and we the customers should have a choice like we do in our telephone, internet, garbage companies and other services. Thank you, V. W. Monroe
