On behalf of many rural Kentucky Utilities Co. customers I ask that you do not grant KU permission to increase the Utilities rates. Many elderly customers just can not afford another increase in their utilities rates with all the other expense we have while living on a fixed income, many people are not getting large pension checks and are not drawing a huge Social Security check. It is difficult to pay the monthly bills when on a fixed income, especially for the elderly and the unemployed who are trying to get by on their unemployment checks, they do not have but a very little left when the bills are paid each month. Please consider this when making the decision to grant a rate increase and do not allow it at this time. Thank you for the opportunity to respond, I hope you will take this seriously and refuse the rate increase at this time. Thank you, Glenn Cottrell,
