To Whom it may concern, I'm upset at the fact that you would consider allowing KU to have a rate increase when people are loosing jobs, The Federal Government is spending money like it is going out of style. Everyone is cutting costs to live and here KU wants to charge Customers more. This is just the tip of a very ugly Iceberg coming our way and the PSC is one of the drivers if you allow this increase. Enough is Enough!!! KU needs to cut costs just like the American people do. We can send someone and bill when Taxes and Rate increases so how is it far for Companies to make us pay more when we have to cut back?

Thank you Zack Thayer
