Dear Sir or Madam

I find it distressing to read this morning's Courier Journal to find out about ANOTHER rate hike from L G and E. They just received one less than six months ago for the ice and wind storms now they want to gouge us even further? And isn't it ironic that this article happens to be posted on the same day as the one proposing that EOn wants to possibly sell L G and E?

People are struggling in this economy and it is a slap in the face to those of us who aren't as well off to be handed a gimme gimme gimme from our utility company that seems to do nothing but have its hand out.

Sincerely,
Jean Sanders
Louisville Kentucky
