I am writing about LG&E request for rate increases (Case # 2009-00549)

My wife & I are retired and on a very controlled income. Every increase means less for us to live on. Exorbitant increases such as ones now requested by LG&E will have a major impact on ours and many others standard of living.

You the PSC are our only hope of handling this and minimizing the blow to our livelihood.

Please take into consideration the suffering such an increase would inflict on our society.

Thanks, Wayne Johnston
