Subject: your comments in case 2009-00549 - Louisville Gas & Electric Co. rates
Date: Monday, April 19, 2010 10:37:00 AM

Dear Ms. Muncy:

Thank you for your comments regarding the rate increase proposed by Louisville Gas & Electric Co. Your comments will be placed into the case file for the Commission's review as it considers this matter. For your future reference, the case number in this matter is 2009-00549. Please cite it in any future correspondence regarding this case so that your comments may be readily directed to the case file.

Thank you again for your interest.

Subject: Rate increase for LG&E
Auto forwarded by a Rule

Please please please do not let them raise our rates again. Louisville's unemployment rate is at 12% last I heard. Too many people are struggling. Many are unemployed and the ones that have found jobs are not making near what they were 2 years ago. A lot of us that are working have not gotten pay raises either. I am sure LG&E's employees have gotten raises. Especially the higher up people, plus their bonuses.

It would be better for the normal person if LG&E employees did not get raises in order to keep the rates lower. Also they have added extra fees onto our bills over the years. They also take out .30 on every bill to help pay for some of the people that can't afford to pay their utilities.

I thought FEMA helped LG&E with the extra cost from the windstorm and the ice storm. I may be mistaken about that.

I also work at a church and we get several calls everyday from people that are asking for help to pay their LG&E bill. Most have gone through an agency that tells them to call church's for help. We can't even help because we have members that we've helped. And as you can imagine offerings are down

and we have to adjust our spending like most households do. But not LG&E they can just raise the rates anytime their CEO's want an increase.

So, please look at the salaries and bonuses of LG&E employees before letting them raise our rates again. Too many struggling people.
