Dear Public Service Commissioners:

It is my understanding that LG & E corporation is requesting a 19% rate increase. Please vote against this rate hike as we're paying through the nose already. I believe they are making sufficient profit to operate and do not need to gorge our pocketbooks any more! You all have the power & obligation to be fair and equitable so please vote against this rate hike.

LG & E is a very greedy corporation and does not provide us users with anything for the money they charge us!
