Case # 2000-00549

Please reconsider this increase. I am trying to do what is right when paying bills when due. But if you increase this any more, I will be one of those asking for assistance for my bill. Think about the people that is working to pay bills on time. The one that can't afford to pay anything is not helping you. The upper class is such a minority they don't make up the large percentage that makes a difference. It the middle that feels being squeezed to the limit.

Thanks and God Bless  
Sharon
