SUBJECT: Attached letter from Louisville Gas & Electric Company

I am writing to express my opinion about the rate increase requested by Louisville Gas & Electric Company.

In this economic environment, this rate increase is WRONG! Where is the fairness? We the public (customers) are stretching our incomes! I did not receive a raise last year or this year! I have had hours cut at work to avoid a lay-off. I'm just getting by – as a lot of people are.

Please do not approve this increase. Think of the Kentuckians trying to get by in this economy.
