RE: Case Number 2009-00549

Gentlemen:

Recently I received information that LG&E wants to change the way it bills its customers which will result in higher cost to most users. Also LG&E wants to triple its electric residential customers charge from \$5.00 to \$15.00.

Speaking for myself, a senior citizen and a LG&E customer, we cannot afford these extra charges. Please help to prevent these changes & extra charges.

Advise me whom to contact or what steps to take to voice my complaint & concerns.

Thank you,

Elaine Krasnick
