CASE # 2010-00006
 Bluegrass Wireless, LLC DBA
 Bluegrass Cellular

My name is Dean Littell and I own a home at 86 Chappell Way, Somerset, KY. I hereby request a INTERVENTION from the Public Service Commission to prevent Bluegrass Wireless LLC from installing a cell tower in my subdivision at 85 Chappell Way.

The proposed site of this 240' tower is directly across the street from my home. I am concerned this proposed location will devalue my home. It will ruin the aesthetics of the beautiful rural setting we currently now enjoy. The proposed site is 85 Chappell Way. My home is at 86 Chappell Way.

I respectfully request a INTERVENTION from the PSC to stop this process of this proposed cellular tower site.
