South Logan Water Association

January 20, 2010

2010-00030

114 South Main St.

Adairville, KY 42202

270-539-6730

- 1.a. Name of all wholesale suppliers and the base (current) rate and changed rate of each. In the event the water purchased is billed by the supplier on a rate that is not a flat rate schedule, the entire rate shedule must be shown. Attach additional sheets if necessary.

<u>Supplier(s)</u>	<u>Base Rate</u>	<u>Changed Rate</u>
Logan Todd Regional Water Comm	\$3.31	\$3.75
_____	_____	_____
_____	_____	_____

- 1.b. A copy of the supplier's notice of the changed rate showing the effective date of the increase is attached as Exhibit 1.
2. Twelve-month period upon which the purchased water adjustment is based. (This twelve-month period must end within 90 days of this filing).

From January 2009 through December 2009

3. Statement of water purchases. Where water is purchased from more than one supplier, purchases from each supplier must be shown separately. If water is purchased through a declining block rate schedule, purchases for each month must be shown. Attach an additional sheet if necessary.

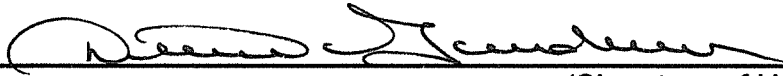

Supplier(s)	Gallons Purchased during 12 month period
Logan Todd Regional Water Comm.	
TOTAL PURCHASES	139,675,000

4. Total sales for the 12 month period 115,373,700.
5. Increased water cost \$3.75.
The increased water cost is the cost difference between purchases at base (current rate) and purchases at new rate.
6. Purchased water adjustment factor 0.53. **(We are only increasing rates by 0.44)**
7. The purchased water adjustment factor is obtained by dividing the increased cost of water by the total gallons sold.

Note: The purchased water adjustment factor is added to each thousand gallons sold. If the minimum usage is 2,000 gallons then the purchased water adjustment factor would be added to the minimum bill twice. Revised tariff sheets must be attached showing the rate to be charged by the utility and the effective date of the increased rates.

See Table 3 for Current SLWA Rates
See Table 4 for Revised SLWA Rates

7. Proposed effective date March 1, 2010.

(Signature of Utility Officer)

RE: Change in Wholesale Water Rate

Dear Chairman Allen and Board Members:

At its November meeting, the Logan/Todd Regional Water Commission voted to change the wholesale water rate to \$3.75 per 1,000 gallons. This new wholesale rate will become effective March 1, 2010.

If you need additional information, please contact this office.

Sincerely,

Kyle R. Kenner
System Manager

KRK/saw

ATTENTION SOUTH LOGAN WATER ASSOCIATION CUSTOMERS

Dear Customer,

As you are probably aware, Logan Todd Regional Water Commission is increasing their wholesale rates by 44 cents per thousand effective March 1, 2010. Because of the increased cost of doing business, the Board of Directors and the Staff of South Logan Water Association have also found it necessary to increase its rates. The proposed rate increase is being reviewed by the Public Service Commission, and if approved, should be effective March 1, 2010. Our proposed rate increase will be 44 cents per thousand as well. While no one wants to see an increase in consumer goods, it is, unfortunately, a reality we have to face.

As always, we value you as a customer and look forward to servicing your water needs. If you have any questions, you may call the office during regular business hours at 539-6730.

South Logan Water Association
Denise Gunderson-Manager
