PUBLIC SERVICE
COMMISSION

David L. Armstrong
Chairman
Kentucky Public Service Commission
211 Sower Boulevard
Frankfort, KY 40602

Dear Chairman Armstrong:

On behalf of the people working and living in Christian County, I am writing to voice my support for AT&T's application to construct a new wireless communications facility at 2755 Princeton Road, that is the subject of Case No. 2010-00031 pending before the Kentucky Public Service Commission.

Our County needs better access to fast and reliable wireless services and this new facility would be a real plus for local economic development. Without access to such services, we will find ourselves at a competitive disadvantage and even risk seeing local businesses move to other communities (or states) that have better service options.

Beyond the needs of local businesses, local residents also need reliable cell service to communicate with their kids and stay in touch with loved ones across the Commonwealth.

I am not aware of any opposition to AT&T's construction of a new cell tower on Princeton Road and fully support it.

Best Regards,

Steve Tribble
County Judge/Executive
