Dear Mr. Derouen:

2010-00059

Attached you will find Farmers Rural Electric Cooperative Corporation's ("Farmers") filing to establish a rate for a new nonrecurring service that will be offered by Farmers. This filing is being made in compliance with 807 KAR 5:011, Section 10. This filing includes the below listed documents:

- Exhibit I – The tariff sheet with the proposed new service and rate;
- Exhibit II – Cost Justification for the proposed rate;
- Exhibit III – A copy of the notice placed in local newspapers;
- Exhibit IV – Statement as to why this new rate is not a part of a general rate case;
- Exhibit V – Statement on the impact of this proposed rate on groups of customers;
- Exhibit VI – A Statement of Operations for the twelve month period ending November 30, 2009 and a Balance Sheet for November 30, 2009.

Farmers does not expect this new rate to provide any additional revenue. It will help minimize the need to send a service man out to a consumer to make a physical disconnect or reconnect. It is really a replacement of one service for another service.

If you have any questions, please contact me at your convenience.

Sincerely,

William Prather
