

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

FILING OF FARMERS RURAL ELECTRIC	)	
COOPERATIVE CORPORATION TO	)	Case No.
ESTABLISH CERTAIN NONRECURRING	)	2010-00059
CHARGES	)	

SECOND DATA REQUEST OF COMMISSION STAFF TO  
FARMERS RURAL ELECTRIC COOPERATIVE CORPORATION

Farmers Rural Electric Cooperative Corporation ("Farmers"), pursuant to 807 KAR 5:001, is to file with the Commission the original and four copies of the following information, with a copy to all parties of record. The information requested herein is due no later than April 26, 2010. Responses to requests for information shall be appropriately bound, tabbed and indexed. Each response shall include the name of the witness responsible for responding to the questions related to the information provided.

Each response shall be answered under oath or, for representatives of a public or private corporation or a partnership or association or a governmental agency, be accompanied by a signed certification of the preparer or the person supervising the preparation of the response on behalf of the entity that the response is true and accurate to the best of that person's knowledge, information, and belief formed after a reasonable inquiry.

Farmers shall make timely amendment to any prior response if it obtains information which indicates that the response was incorrect when made or, though correct when made, is now incorrect in any material respect. For any request to which

Farmers fails or refuses to furnish all or part of the requested information, it shall provide a written explanation of the specific grounds for its failure to completely and precisely respond.

Careful attention shall be given to copied material to ensure that it is legible. When the requested information has been previously provided in this proceeding in the requested format, reference may be made to the specific location of that information in responding to this request. When applicable, the requested information shall be separately provided for total company operations and jurisdictional operations.

1. Refer to your response to Item No. 1 of Commission Staff's First Data Request. The response states that the \$211.11 represents the incremental cost of an upgraded AMI meter (emphasis added). However, the second sentence in the response provides that the base cost of an upgraded meter is \$190.00, which has been adjusted for a failure rate of 10 percent.

a. Identify and provide an itemization of the cost of each item of equipment that comprises the \$211.11.

b. State whether Farmers is replacing the current AMR meter with an entirely new AMI meter or if it is altering the current AMR meter in order to make it capable of remotely disconnecting and reconnecting. If not specifically identified in a. above, describe the meter equipment required for remote disconnect and reconnect.

2. Considering the fact that the ability to remotely disconnect/reconnect requires capital costs beyond manual disconnects/reconnects and the proposed tariff charge is the same as the current tariff charge for manual disconnects/reconnects,

provide a detailed explanation of all benefits of having the ability to remotely disconnect/reconnect.

A handwritten signature in black ink, appearing to read "Jeff Derouen", with a large, stylized flourish on the left side.
