Regarding: Brocklyn Utilities LLC

I'm writing to you regarding a notice that I recently received from Brocklyn Utilities concerning their Proposed Revisions for non reoccurring charges for their customers. I object/disagree to the charges under #2 and #3. I own a multi unit building on 111 Bolton Ave. Richmond, KY 40475. There are times when this property is vacant in one or both units for periods of months due to the hard economic times we are in right now. I shouldn't be required to pay fees for the months my buildings are vacant. I would understand if this was an owner occupied building but there should be some kind of an exception made for tenant occupied buildings with two or more units. I have asked Brocklyn Utilities on one or more occasion to disconnect my utilities when the units are vacant but can't even get them to return my call regarding this matter. Please take a look at my objection and take it into consideration when reviewing these changes they are requesting.

Thank You,

Kent Georgel
