RE: N. KY Water District

Dear Sirs:

I am another angry citizen upset with Mr. Lovan and the water district wanting to increase rates. I have never seen a public agency spend as they have spent. I live near the Ft. Thomas Plant, which is in a constant state of spending. The extravagant fence surrounding the reservoir must have cost a fortune. I have never seen such a misuse of citizen's money to surround a water reservoir. Come visit and see what money can buy.

We all would like to see a public listing of their expenditures including travel, meetings, employee lunches, salaries and benefits. Maybe they could find the money they need right at the district offices within management.
