★ PROUD SUPPORTER OF THE USO ★

Sirs,

Has the N. K. W. D. lost their
minds?

People are out of work all over
the country. Now is not the time
for such an increase at this time
You people should be working for
us. You must stop and think of all
the people that can't afford not one
more larger bill.

If N K W D wants to save money tell
their workers to turn their trucks off
when they are on a job. I walk every-
day & see these Trucks running without
anyone in them.

Again now is not the time for this
increase. Stop the spending Now!!

Wm. P. Strickley
