To Whom It May Concern:

Dear Sir or Madam:

This letter is to state the need of the proposed AT&T site called Zion, to be located in Henderson County, KY. The Zion site is necessary to improve coverage and eliminate interference in Henderson County. This site will improve the coverage and reduce interference on State Hwy 351, State Hwy 1539, the Audubon Pkwy, the town of Zion, and the surrounding area. Our closest existing site to this area is over 3.5 miles away; thus, there is currently no dominant server in this area. This lack of a dominant server causes many quality issues for the customers. Currently customers in this area experience high dropped calls and may experience poor call quality or areas of no service. With the addition of this site, the customers in this area of Henderson County will experience improved reliability, better in-building coverage, and improved access to emergency 911 services.

A handwritten signature in black ink, appearing to read "S. A. Lewis".
