Dear Mr. Murphy:

Currently, Louisville Water Co. pays Woodland Acres Sanitation the revenues it collects on a monthly basis. Louisville Water Co. sends the funds to Woodland Acres Sanitation via EFT by the 10<sup>th</sup> day of the following month.

The Louisville Water Co. bills Woodland Acres Sanitation's customers bi-monthly. Currently, Louisville Water Co. calculates a billing charge that is the sum of the proration of \$3.24 per billing between the sewer utility and the water company in the same proportion that the sewer charge bears to the sum of the sewer charge and water charge on the joint bill. Over the past year, the per bill charge has ranged from \$1.30 per billing to \$1.46 per billing. The billing charges occur every other month.

According to the contract between the Louisville Water Co. and Woodland Acres Sanitation, the billing rate could change after a reasonable notice is given to Woodland Acres Sanitation.

Sincerely,
