Case No. 2010-00204

**MOTION TO INTERVENE
BY IBEW, LOCAL 2100**

Comes the International Brotherhood of Electrical Workers, Local 2100, the collective bargaining representative of hourly production, maintenance and technical workers at Louisville Gas & Electric Company, and moves for full intervenor status in this action pursuant to 807 KAR 5:001(8). As grounds for the Motion, the 750 employees represented by Local 2100 share common interests with the public and other parties in safety and the quality of service provided by LG&E. The Union brings to the proceeding particular expertise arising from actual involvement in all operational aspects of the utility and can make a valuable contribution to the understanding, clarification and development of issues that fall within the Commission's regulatory authority.

The IBEW has historically been granted full intervenor status in significant PCS cases involving LG&E, and has participated in the discovery and hearing processes of those cases. In particular, the IBEW participated in all phases of LG&E's Joint Application of LG&E and KU for Approval of Merger, Case 97-300; the subsequent consolidated rate cases 98-426 and 98-474, and subsequent proceedings regarding the sale of LG&E to PowerGen, the acquisition

of PowerGen and LG&E by German owned E.on (Case No. 2001-104), and the Certificate of Need (2004-00507) and Siting Board cases involving Trimble County II.

The Union seeks full intervenor status with the intention of being an active participant in the hearings, including the submission of expert testimony, if appropriate.

Respectfully submitted,
