

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

ALTERNATIVE RATE ADJUSTMENT FILING OF) CASE NO.
WEST CARROLL WATER DISTRICT) 2010-00209

ORDER

On May 26, 2010, West Carroll Water District ("West Carroll") applied to the Commission for an adjustment in water rates pursuant to 807 KAR 5:076. Commission Staff, having performed a limited financial review of West Carroll's operations, has prepared the attached report containing Staff's findings and recommendations regarding the proposed rates. All parties should review the report carefully and submit any written comments on Staff's findings and recommendations or requests for a hearing or informal conference no later than 14 days from the date of this Order.

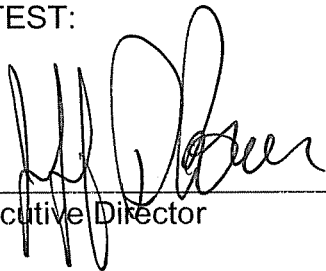

IT IS THEREFORE ORDERED that:

1. All parties shall, no later than 14 days from the date of this Order, submit written comments, if any, regarding the attached Staff Report or requests for a hearing or an informal conference.
2. Any party requesting a hearing shall include in its request its comments as to the particular finding of the Staff Report to which it objects and a brief summary of testimony that it would present at hearing.
3. If no request for a hearing or an informal conference is received within the 14 days, this case shall stand submitted to the Commission for decision.

STAFF REPORT
ON
WEST CARROLL WATER DISTRICT
CASE NO. 2010-00209

Pursuant to a request by West Carroll Water District ("West Carroll") for assistance with the preparation of a rate application, Commission Staff ("Staff") performed a limited financial review of West Carroll's test period operations, the calendar year ending December 31, 2008. The scope of Staff's review was limited to obtaining information as to whether the test period operating revenues and expenses were representative of normal operations. Insignificant or immaterial discrepancies were not pursued and are not addressed herein.

Upon completion of its limited review, Staff presented to West Carroll a draft rate application containing a pro forma income statement reflecting Staff's findings and recommendations. West Carroll agreed with Staff's findings and recommendations. West Carroll filed its rate application with the Commission on May 26, 2010.

Jason Green of the Commission's Division of Financial Analysis is responsible for the pro forma revenue adjustment and the calculation of the recommended rates. Daryl Parks of the same division is responsible for all pro forma expense adjustments and the revenue requirement determination.

Attachment B of the application, attached hereto as Appendix A, is the adjusted pro forma operating income statement wherein adjustments were made to test-period operating revenues and expenses that were known and measurable and deemed to be reasonable. West Carroll determined that its requested pro forma operations would

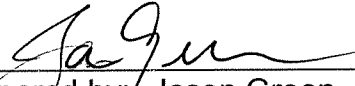

support a revenue requirement from water sales of \$506,273. As shown in Appendix B of this report, Staff has determined that West Carroll can justify a revenue requirement from water sales of \$506,273. The rates proposed by West Carroll and contained in Appendix C of this report will increase the average residential bill from \$17.76 to \$22.50, an increase of \$4.74 or 26.69 percent and will provide the needed revenue.

Upon its review of the application and the documents upon which it is based, Staff finds that the proposed revenue requirement of \$506,273 will allow West Carroll to pay its adjusted test-period operating expenses, meet its debt service obligations, partially fund depreciation expense, and will result in a positive cash flow. Staff recommends that West Carroll's proposed rates be approved.
