To whom it may concern:

On July 6, 2010, I met with representatives of the F.B.I in their Louisville office, the subject matter included false information used by the now defunct Reidland WATER and Sewer District getting approval to borrow money to build the Reidland Sewer Plant in 1997 at a Ky. PSC hearing.

Since I tried to convince the Ky Public Service Commission to look at my evidence on more than one occasion with no results. I can only conclude that the Ky PSC will "cover-up" costly mistakes and is not interested in protecting the Reidland Sewer Customers one iota.

For these reasons, I will not be attending the Ky. PSC's "Kangaroo Court" on Oct. 12, 2010.

Attached PADUCAH SUN legal notice.
