Re: **Case No. 2010-00294**
Kentucky Rural Water Association's 31st Annual Conference and Exhibition

Dear Mr. Derouen:

Kentucky Rural Water Association (KRWA) hosted its **31st Annual Conference & Exhibition, A Beacon of Light**, at the at the Galt House Hotel & Suites in Louisville, Kentucky on August 23-25, 2010. The planned course of instruction was performed as scheduled with the following changes:

Monday, August 23, 2010	Session #1
Topic change:	<i>Wireless I/O Network Basics and Wireless Applications</i>
Speaker change:	Terry Roseberry, Banner Engineering Corporation
Wednesday, August 25, 2010	Concurrent B, Session #13B
Topic change:	<i>Water Meter Technologies</i>
Speaker change:	Rodney Adkins, C. I. Thornburg Co.

Details of the session changes and the speaker bio are enclosed. The total number of hours that could be earned by water district commissioners did not change and remains at twelve hours.

On behalf of Kentucky Rural Water Association, I hereby attest that the program herein referenced as **Case No. 2010-00294**, with the changes noted above, was performed as scheduled. As required, KRWA has included a list of all water district commissioners attending this approved course. No handouts were provided to attendees.

Kentucky Rural Water Association would like to thank the Kentucky Public Service Commission and staff for your leadership and support in approving the training offered during our **31st Annual Conference and Exhibition**.

Sincerely,

Clem Wethington
Education Director

Monday, August 23, 2010 – Session #1

Wireless I/O Network Basics and Wireless Applications DW / WW – 1 hr.

Terry Roseberry, Banner Engineering Corporation

This session will provide information on the use of wireless technology to control equipment and monitor parameters in the water and wastewater systems. This session will include: radio (RF) basics, network applications, site surveys, battery and solar power options, and real applications.

Instructor Bio: **Terry Roseberry** graduated from Blue River Valley High School and attended Indiana University East. Terry spent three years in the United States Signal Corp where he received electronic training for Microwave Communications. He worked on microwave communication systems in Italy for two years. Terry has been involved in electrical controls in the industrial world since 1978 and has been associated with Banner Engineering for over 25 years. He currently is the Business Development Manager – Wireless Products for IN, KY, OH, TN, and WV.

Wednesday, August 25, 2010 – Session #13B

Water Meter Technologies

DW – 1 hr.

Rodney Adkins, C. I. Thornburg Company, Inc.

Water meters are used to account for customer usage, industry usage, and to track volumes of water flowing throughout a distribution system. The meter is often referred to as the “cash register” of the water system. Utilities need accurate measuring equipment for efficient management. This session will deal with the latest developments in water metering.

Instructor Bio: **Rodney Adkins** has been employed with the C. I. Thornburg Company since 1990. The C. I. Thornburg Co. has five full service branches to serve the municipal water and wastewater industry in all of West Virginia, Kentucky, Tennessee and the Southern part of Ohio with well over 100 employees.

Rodney completed the Sensus Meter School in 1992. In 2006 he received certification as an AutoRead trainer.

Previous utility experience also includes:

1979	Water Plant Manager-Salt Rock Water PSD
1983	Plant Manager and Maintenance Manager
1984	Certified Meter Tester in West Virginia
1987	District General Manager thru 1990
1989-1990	Plant Operator-Kenova

31st Annual Conference and Exhibition
