Re: Coolbrook Utilities, LLC 2010 Rate Case Filing

Dear Sirs:

Attached please find an original and 10 copies of Coolbrook Utilities, LLC's Alternative Rate Filing, including a notice to customers and mailing verification. In addition, please incorporate by reference in this case Coolbrook's annual reports on file with the PSC, and note that Coolbrook filed its articles of incorporation and any amendments in Case No. 2008-00257 ("Joint Application of Classic Construction, Inc. And Coolbrook Utilities, LLC For Approval Of The Transfer of Wastewater Treatment Plant To Coolbrook Utilities, LLC").

Coolbrook is proposing that the new rates become effective on September 15, 2010, and has provided a proposed tariff to that effect after Attachment A of this filing. In addition, Coolbrook has attempted to the best of its ability to fully comply with the Commission's ARF filing requirements. However, please consider this a request for waiver of any filing requirements which Coolbrook may have inadvertently overlooked, on the grounds that all relevant information has been provided to allow the processing of this case to begin.

Finally, please note that Coolbrook believes reduction of the estimated rate case expenses included within this application is in the best interests of all parties. Therefore, we respectfully request that the Commission Staff perform a field review rather than issuing data requests to process this case. In addition, and based on prior experience, we respectfully suggest that the Commission Staff strongly consider holding one or more informal conferences to attempt to stipulate to certain routinely contested issues – for instance, billing and collection fees and owner/manager fees - in this case.

Sincerely,

Lawrence Smither, President
