ORDER TO SATISFY OR ANSWER

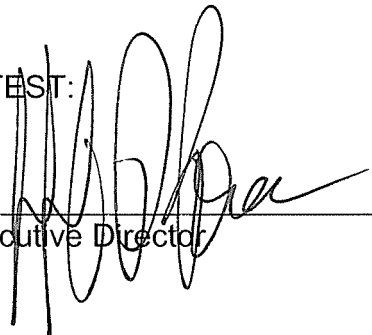

Kentucky Utilities Company ("KU") is hereby notified that it has been named as defendant in a formal complaint filed on September 27, 2010, a copy of which is attached hereto.

Pursuant to 807 KAR 5:001, Section 12, KU is HEREBY ORDERED to satisfy the matters complained of or file a written answer to the complaint within 10 days of the date of service of this Order.

Should documents of any kind be filed with the Commission in the course of this proceeding, the documents shall also be served on all parties of record.

By the Commission

JEWELRY CRAFTSMEN SINCE 1931

Public Service Commission

September 24, 2010

Received bill dated 8/16/10 for \$717.56, paid 8/19/10.

Noticed large increase over previous month, assumed the hot weather and rate increase was the reason.

Received bill dated 9/14/10 for \$1024.10.

Called KU and spoke with "Carmen". She stated that we had been assigned the wrong rate along with approximately 5000 other customers. We should not pay this bill, wait for the October bill and it would be corrected effective 8/1/10.

Received bill dated 9/17/10 for \$404.24, paid 9/21/10

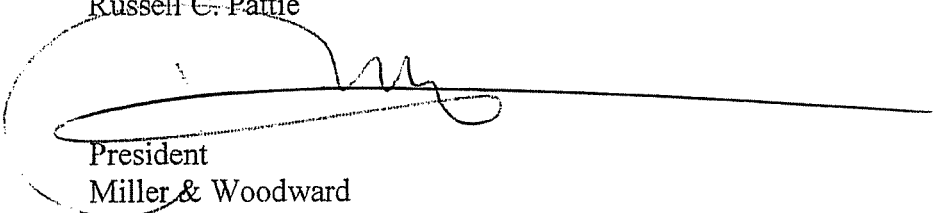

Called KU and spoke with "Brenda". She stated no credit would be given for the bill dated 8/16/10, only for the bill dated 9/14/10. I asked to speak with a supervisor who returned my call later that day. "David Combs" also stated no credit would be given. Later that day "Lisa Craft" called with the same information.

9/23/10 received sheet of "Terms and Conditions" from KU.

I do not understand electric rates and I do not understand why anyone would want to be on a higher rate. I have enclosed copies of four bills from 7/26/10 (due date, no bill mailed date listed) through 9/17/10. Also enclosed "Terms and Conditions" from KU. The last highlighted line states "Company shall not be required to make a change in schedule more often than once in twelve (12) months". If the change had been made effective 8/1/10 that is only once.

If 5000 customers have been put on the wrong rate how many are paying too much and don't know the difference?

TERMS AND CONDITIONS
Customer Responsibilities

APPLICATION FOR SERVICE

A written application or contract, properly executed, may be required before Company is obligated to render electric service. Company shall have the right to reject for valid reasons any such application or contract.

All applications for service shall be made in the legal name of the party desiring the service.

Where an unusual expenditure for construction or equipment is necessary or where the proposed manner of using electric service is clearly outside the scope of Company's standard rate schedules, Company may establish special contracts giving effect to such unusual circumstances. Customer accepts that non-standard service may result in the delay of required maintenance or, in the case of outages, restoration of service.

TRANSFER OF APPLICATION

Applications for electric service are not transferable and new occupants of premises will be required to make application for service before commencing the use of electricity. Customers who have been receiving electric service shall notify Company when discontinuance of service is desired, and shall pay for all electric service furnished until such notice has been given and final meter readings made by Company.

CONTRACTED DEMANDS

For rate applications where billing demand minimums are determined by the Contract Demand customer shall execute written Contract prior to rendering of service. At Company's sole discretion, in lieu of a written contract, a completed load data sheet or other written load specification, as provided by Customer, can be used to determine the maximum load on Company's system for determining Contract Demand minimum.

OPTIONAL RATES

If two or more rate schedules are available for the same class of service, it is Customer's responsibility to determine the options available and to designate the schedule under which customer desires to receive service.

Company will, at any time, upon request, advise any customer as to the most advantageous rate for existing or anticipated service requirements as defined by the customer, but Company does not assume responsibility for the selection of such rate or for the continuance of the lowest annual cost under the rate selected.

In those cases in which the most favorable rate is difficult to predetermine, Customer will be given the opportunity to change to another schedule, unless otherwise prevented by the rate schedule under which Customer is currently served, after trial of the schedule originally designated; however, after the first such change, Company shall not be required to make a change in schedule more often than once in twelve (12) months.
