Re: Center Ridge Water District, Inc. 2010 Rate Case Filing

Dear Sirs:

Attached please find an original and 10 copies of Center Ridge Water District's Alternative Rate Filing, including a newspaper notice to customers which will be published once a week for three consecutive weeks starting this week. We will provide an affidavit of publication as soon as it becomes available. In addition, please incorporate by reference in this case Center Ridge's annual reports on file with the PSC, and note that Center Ridge previously filed its articles of incorporation and any amendments in Case No. 2003-00424 ("Application Of Center Ridge Water District, Inc. For An Adjustment of Rates Pursuant To The Alternative Rate Filing Procedure For Small Utilities").

Center Ridge is proposing that the new rates become effective on November 15, 2010, and has provided a proposed tariff to that effect after Attachment A of this filing. In addition, Center Ridge has attempted to the best of its ability to fully comply with the Commission's ARF filing requirements. However, please consider this a request for waiver of any filing requirements which we may have inadvertently overlooked, on the grounds that all relevant information has been provided to allow the processing of this case to begin.

Finally, please note that Center Ridge has very low cash levels, and would greatly appreciate anything the Commission can do to expedite this proceeding. In particular, we respectfully request that the Commission Staff perform a field review rather than issuing data requests to process this case, as we believe such a field review would both expedite our case and would also reduce our rate case expense, which is in the best interests of all concerned.

Sincerely,

A handwritten signature in cursive script that reads "William Duncan".
