To whom it may concern:

While we understand that the Center Ridge Water District has not had an increase in their rates for 6 years, 39% seems higher than is justified. The cost of living has climbed much less than that per year (about 1-2% a year). We would like to state that we realize the need for a raise of rates as water is necessary. However, 39% is too much in one year and unacceptable. Perhaps a 15-20% increase would be more reasonable and acceptable.

Joann and Phillip Niffenegger our lake house is at:
254 Lake Point Lane
