**Executive Director
Public Service Commission
Frankfort KY 40602,**

Members of the Public Service Commission

As you can see from the enclosed notice that I received in May of 2011 from the Center Ridge Water District concerning the rate increase from \$19.22 to \$26.83 per month in my opinion is extremely excessive. I have read the letters of opposition to the rate increase on your website and agree with them.

Sincerely,

Ken Adolphson

Payments 19.22 Through April 30, 2011

Change May 1, 2011

From the way your payment chart is you can see you had credits

76.83 and were paid up to Aug 31, 2011

So I used your credit for increase in pay rate and use credit for your sept payment which left you a total of 19.56 so you can deduct it from your oct payment

19.56 From 26.83 your oct pymt will be 7.27 Then back Req
