Windstream Kentucky East, LLC's Petition for)
Commission Review And Reversal of a Decision of the)
North American Number Pooling Administration) Case No. 2010- 00 405
With Respect To Numbering Resources)
In The 859 Area Code)

PETITION FOR REVIEW, APPLICATION FOR GRANT OF NUMBERING RESOURCES,
AND REQUEST FOR EXPEDITED TREATMENT

Windstream Kentucky East, LLC., (“Windstream”) petitions the Public Service Commission of Kentucky (“Commission”) pursuant to 47 C.F.R. § 52.15(g)(4) to review and overturn a recent decision by Neustar, (functioning as both NANPA and the Pooling Administrator), denying Windstream’s request for certain numbering resources. In support of its Petition Windstream states:

Windstream’s Application And Neustar’s Denial

1. On October 13, 2010 Windstream filed a request with Neustar for ten “thousands” blocks of numbers in Windstream’s Lexington Rate Center to accommodate a specific request from Windstream’s customer ACS. A copy of the Application is attached as EXHIBIT 1.
2. Windstream cannot meet this request from its current inventory based on ACS’ specific need for ten thousand DID numbers. These numbers are necessary to accommodate ACS’ business needs (including ACS’ efforts to accommodate its customer’s plans to comply with HIPPA) and critical for Windstream to continue serving this customer.

3. On October 13, 2010, Neustar denied Windstream's request on the grounds that Windstream had not satisfied the months-to-exhaust ("MTE") criteria nor the utilization requirement established in the Central Office Code Assignment Guidelines. A copy of Neustar's denial is attached as **EXHIBIT 2**.

4. Windstream can not satisfy the need for numbering resources from its current inventory and has exhausted all other available remedies.

Basis For Commission Review And Action

5. Under federal numbering rules, a state commission may overturn Neustar's decision based on the determination that the carrier has demonstrated a verifiable need for the numbering resources and has exhausted all other available remedies.¹

6. In its Third Report and Order in the Number Resource Optimization proceeding, the Federal Communications Commission ("FCC") found that "a carrier should be able to get additional number resources when there is verifiable need due to the carrier's inability to satisfy a specific customer request."² Thus, the Commission has the authority to overturn Neustar's decision in this matter.

7. As set forth above, Windstream has demonstrated a verifiable need due to a specific customer request. In other cases, the Commission has granted the requested numbering relief despite Neustar's determination that the carrier did not meet the MTE or utilization thresholds.³ A copy of the customer request is attached as **EXHIBIT 3**.

¹ 47 C.F.R. 52.15(g)(4)

² Number Resource Optimization, Third Report and Order and Second Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-2000, FCC 01-362, (rel. Dec 28, 2001) ("Third Report and Order") at ¶ 64

³ See, Order, Case No. 2010-00364 (Ky. P.S.C. October 13, 2010); Order, Case No. 2008-00172 (Ky. P.S.C. June 12, 2008); Order, Case No. 2006-00529 (Ky. P.S.C. January 9, 2007); Order, Case No. 2005-00516 (Ky. P.S.C.

8. Granting Windstream's Petition will not adversely affect the numbering resources available for use by carriers throughout the state in providing telecommunications services to their customers. Granting Windstream's request is in the public interest and consistent with the FCC's rules and decisions.

Request For Expedited Treatment

9. Windstream respectfully requests that the Commission act upon this Petition within 10 business days. Expedited treatment is required to meet the needs of Windstream's customer, ACS, and Windstream's internal business plans and schedule.

10. The FCC also has recognized the importance of timely action:

[W]e recognize that in many instances, the failure to address a request for additional numbering resources can impair a carrier's ability to stay in or expand business. We therefore direct states to act on carrier requests for a safety valve as expeditiously as possible. Although we do not establish a specific time limit for states to act on these requests, we believe that, in most instances, 10 business days from receipt of a request that the state determines to be sufficiently detailed and complete will be sufficient time to review and act upon safety valve requests.⁴

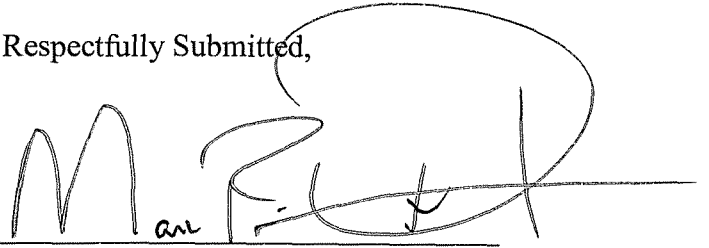

Therefore, Windstream respectfully requests that the Commission:

1. Overturn the Neustar's decision;
2. Direct Neustar to grant Windstream's requests for numbering resources; and
3. Enter its Order granting the requested relief within ten (10) business days, or as soon thereafter as is possible; and
4. Grant Windstream such further relief as may be appropriate.

January 20,2006); Case No. 2005-00342 (Ky. P.S.C. October 7, 2005); Order, Case No. 2005-00157 (Ky. P.S.C. April 28, 2005); Order, Case No. 2005-00021 (Ky. P.S.C. February 2,2005); Order, Case No. 2004-00521 (Ky. P.S.C. February 2, 2005.)

⁴ Third Order and Report at ¶66.

Respectfully Submitted,
