Reference case # 2010-06174

Michael T. Moore vs Duke Energy Ky Inc.

Their response dated 9/22/11

They are lying to you, by stating that they do not intend to replace anymore analog meters to digital.

I'm approx april or may of this year a service man came to the front door and stated to me and 2 witnesses (which I can produce) that he had orders to change 6 meters from analog to Digital. I refused him entrance and told him to have his supervisor call me. When she called she stated that it was all a mistake!
