Notice of tariff filing

Kentucky Frontier Gas, LLC (KFG) appointed as operator of B.T.U. Gas Company by the U.S. Bankruptcy Court, Case No. 10-70767-TNW, August 11, 2011, has filed a tariff with the Public Service Commission to allow a gas cost adjustment (GCA) effective September 25, 2011. A gas cost adjustment is a mechanism that permits jurisdictional natural gas distribution utilities to regularly adjust the price of natural gas supplied to consumers to reflect the utility's cost of purchasing that gas and transporting it via pipeline to their system. The GCA enables utilities to adjust on a regular basis the amount they charge their customers to reflect the actual cost of the gas used by those customers.

The proposed tariff includes a quarterly adjustment which is reviewed by the PSC to insure that the price consumers pay for the natural gas reflects appropriate estimates of future costs based on published indices of future wholesale prices and after the fact true-ups based on the utility's actual costs. The utility does not profit from the GCA. The gas cost currently charged may change each quarter based on the actual cost of gas purchased by KFG and sold to customers.

A copy of this tariff may be obtained from the Public Service Commission, 211 Sower Blvd., Frankfort, KY 40601, 505 564 3940 or from KFG, P.O. Box 785 Salyersville, KY 41657, 606 886 2314.
