RE: Buchanan Park Sewer Line Extension

Dear Mr. Derouen:

2011-00418

Enclosed are the original and ten copies of the application by Warren County Water District for a Certificate of Convenience and Necessity. This application also requests the Commission's approval of a Kentucky Infrastructure Authority loan for the subject sewer extension and a tariff for capital recovery contributions from customers served by the sewer.

As detailed in the application, the county park to be served by this project is undergoing a major expansion and sewer service is needed as soon as possible. With winter weather approaching we would appreciate quick action on these requests to allow an early award to the low bidder. If more time is needed for approval of the tariff, we request that the Commission consider issuing an interim order to allow construction to commence.

Thank you for your assistance on this project.

Sincerely,

Alan H. Vilines, P.E.  
General Manager
