Re: Coolbrook Utilities, LLC 2011 Rate Case Filing

Dear Sirs:

2011-00433

Attached please find an original and 10 copies of Coolbrook Utilities, LLC's Alternative Rate Filing, including a notice to customers and mailing verification. In addition, please incorporate by reference in this case Coolbrook's annual reports on file with the PSC, and note that Coolbrook filed its articles of incorporation and any amendments in Case No. 2008-00257 ("Joint Application of Classic Construction, Inc. And Coolbrook Utilities, LLC For Approval Of The Transfer of Wastewater Treatment Plant To Coolbrook Utilities, LLC").

Coolbrook is proposing that the new rates become effective on December 1, 2011, and has provided a proposed tariff to that effect after Attachment A of this filing. In addition, Coolbrook has attempted to the best of its ability to fully comply with the Commission's ARF filing requirements. However, please consider this a request for waiver of any filing requirements which Coolbrook may have inadvertently overlooked, on the grounds that all relevant information has been provided to allow the processing of this case to begin.

Finally, please note that Coolbrook believes reduction of the estimated rate case expenses included within this application is in the best interests of all parties. Therefore, we respectfully request that the Commission Staff perform a field review rather than issuing data requests to process this case, and Sam Bryant's field review and professionalism in the prior case helped to reduce rate case expenses. In addition, we respectfully suggest that the Commission Staff consider holding an informal conference to attempt to stipulate to certain routinely contested issues - such as billing and collection fees - in this case.

Sincerely,

Lawrence Smither, Member/President
