Hi Mike

I talked to Synapse and, on further thought, they decided that we do not need to have access to the modeling files for this case. Sierra Club doesn't have enough money to pay for modeling this time, so they said that it is okay if they don't see the files. They said that they have been talking to Phil and will continue to talk to Phil about possible approaches to re-running the model.

Thanks for even considering my request.
