The data is missing from its file. I will see if it can still be obtained and reply.

Subject: PM CEMS Data

Mike:

I have been reviewing the PM CEMS data that you forwarded to S&L for the environmental project with BREC.

For HMP&L Station 2 Unit 1 and Unit 2 I do not have the PM CEMS files for 2009 Q3.

I would appreciate it if you would be able to forward this to S&L.
