Thanks

We are also going to talk about FGD spec proposal

Subject: RUS Guidance

Eric,

For our discussion at 2p, I've attached a couple of RUS guidance documents. The first is a flowchart that can be used to classify proposed activities, and identifies which types of projects generally require an Environmental Assessment and Environmental Report. The second is RUS Bulletin 1794A-061 - Guide for Preparing the Environmental Report for Electric Projects Requiring an Environmental Assessment.

Thanks,

Todd M. Hanssen
