Jim,

Per our earlier discussion, please contact Sargent and Lundy and inform them that Eric Robeson will be taking over this project upon his arrival at Big Rivers. Eric is scheduled to start at Big Rivers on Monday May, 16, 2011. Could you please schedule a time for you and I to meet with Eric so that we can and bring him up to speed on the progress of the Environmental Study being performed by Sargent and Lundy. Eric's contact information is listed below.

Eric Robeson

VP Plant Construction

270-844-6185 Office

270-314-0499 Cell
